# WEAK MARKET TURNS BULLISH.

Tractions the Bright Feature of the Day's Business.

#### SUGAR LEADS IN RALLY

With Coal and Iron It Stays the Tide that Began

a Slump.

Stocks displayed a marked depression at the opening, and business was on

lower level.

The opening quotations showed de-clines of 1-4 to 1 per cent., the latter in Metropolitan Street Railroad and Tennessee Coal and Iron. These deficten cles were quickly extended 2 points some cases, and the general tendence

of the market was decidedly bearish.

After the first fifteen minutes of trad ing the retrograde movement was checked and a faint upward trend was perceived. By 19.30 o'clock the rally became general and, with renewed pressure, the bulls soon controlled the market. Sugar and Coal and Iron were the leaders in the rally, and regained all their early losses shortly after the Metropolitan Street Railroad, Manhat tan and Federal Steel common and pre ferred closely followed the above-mentioned stocks and lent a strong and en livening tone to the whole list. Their

Government bonds were unchanged while ratiroad bonds were firm. Purchases in the general list were very

light, and but little impression was on prices. The decline was renowed and prices of several stocks were at the lowest at midday. Bonds were dull and irregular.

The demand improved for the steel stocks, Sugar, Brooklyn Rapt- Transk and Mejropolitan Street Railway. Their improvements rangest from 1 to 2 points, with the maximum rise in Federal Steel, Tennessee Coay and Brooklyn Transki.

and Metropolitan Street Railway, Their improvements ranged from 1 to 2 points, with the maximum rise in Federal Steel, Tennœsee Coay and Brooklyn Transit.

There was also a good demand for some of the railroads, Atchison preferred and Surlington advancing a point each over last night, and Ann Artor preferred rising 2 1-2. The market show red signs of hesitation at 2 o'clock, were a renewed drive against Amaigamated Copper forced it below 91.

The total sale of stocks to-day were 700,700 shares and of bonds \$3,979,000.
